

GRIT

| The future is inclusive.

Call for Volunteer Board Members: 2024-25

Want to make a difference?

GRIT's volunteer Board of Directors is expanding. Never heard of GRIT? Families with children living with disabilities have been finding GRIT for over 40 years to learn how to advocate for a life of inclusivity. Learn more about GRIT [here](#).

About GRIT

All children including those with disabilities and/or extra support needs have a right to learn and grow in supportive, inclusive settings. GRIT uses evidence-based practices and supportive coaching to build on the skills, knowledge, and confidence of families, caregivers and early childhood educators so they can better support the wellbeing, inclusion, and meaningful participation of all children in everyday settings and routines.

Serving on the Board

As a member of the GRIT board, your skills, experience, and insights can build a more inclusive future for GRIT's children.

The Board is searching for directors with previous board governance experience and strong business/community connections who have skills in finance, government relations, commercial real estate, and/or legal matters. Increasing the diversity and perspectives is a priority for excellence in decision making.

The board meets 7 times in the early evening from September to June and board members serve 3-year terms (maximum of 2 terms). New board members will be voted in at GRIT's AGM in November 2024.

If you are discovering a description of yourself in our search parameters, please send a short cover letter and resume outlining relevant experience to manishrawal@gritprogram.ca, to the attention of the Board Chair, by September 8, 2024.
